

QUEEN CHARLOTTE SAFARIS

Sandspit, Haida Gwaii, BC

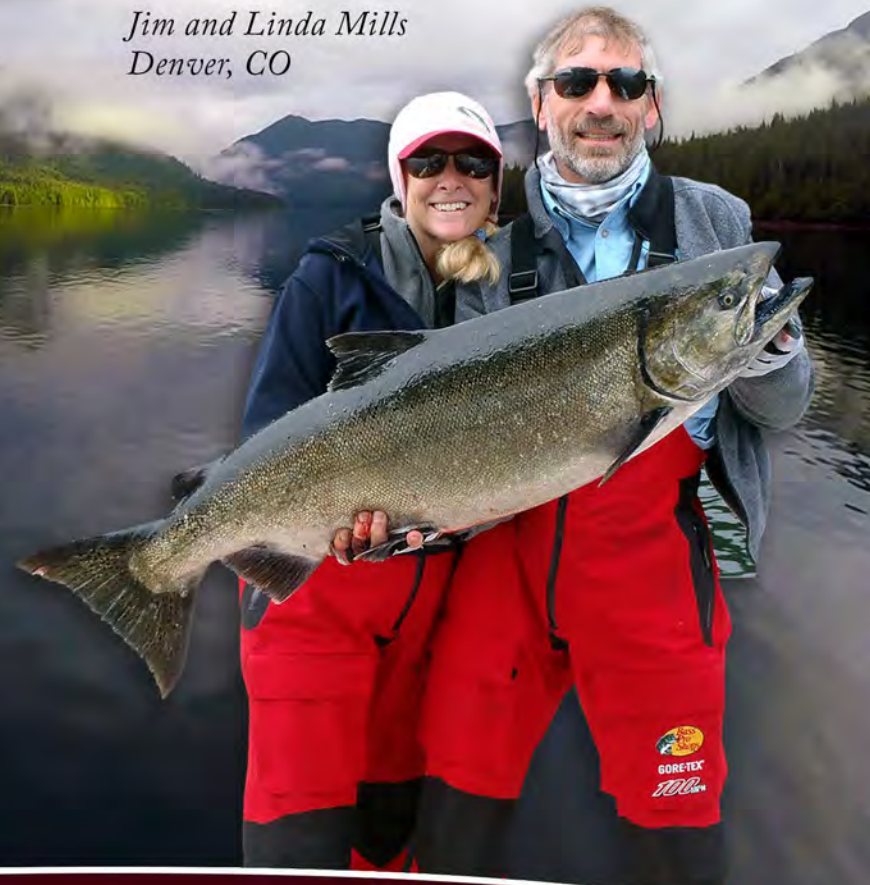

EASILY ACCESSIBLE

You are invited to discover one of the few remaining uncrowded, unspoiled regions of the world. This remote and pristine archipelago of islands lies just north of Vancouver, BC and south of the Alaskan panhandle. Your Air Canada flight from Vancouver to Sandspit is two hours "gate to gate." Upon arrival to Sandspit we will be there to greet you and transport you to the lodge that is only minutes away.

Our boat captain hooked us both up with King Salmon over 30 lbs along with Lingcod, Rockfish, and Halibut. We saw wildlife each day including whales, sea lions, deer, bald eagles, and even a bear. We would recommend QCS to other couples, friends, and families whether they come for the fishing, scenic boat trips, or the all inclusive lodge and dining.

QUEEN CHARLOTTE SAFARIS

Sandspit, Haida Gwaii, BC

WELCOME TO THE BEAUTIFUL HAIDA GWAI

PHENOMENAL FISHING!

What separates us from other fishing destinations is our protected waters and the opportunity to catch Chinook "King" Salmon all summer long, with no down time. These are "transitory salmon", this makes our fishing grounds very unique. Every pacific salmon passing by our fishing grounds are feeding in our inlets and bays, then move onto their destination whether that be continuing their to feed in the ocean or head to their home river. In addition to our fantastic salmon fishing our coastline has numerous pinnacles and reefs; these areas provide the perfect habitat for Halibut, Lingcod and Rockfish. Are you ready to catch your "Grand Slam?"

**As seen on
Angler Chronicles**

EXPERIENCE THE BEAUTY

For the adventure seekers, touring has become very popular with our guests. Our islands are unique, rich in the Haida culture, lush with breathtaking rainforests and surrounded by stunning shores.

LODGE & DINING

Our beautiful, rustic lodge overlooks the gorgeous Shingle Bay in Sandspit. You will enjoy the wonderful atmosphere, our friendly staff and their attention to detail. Dinner time is always a highlight for our guests after a long day of fishing. We proudly serve many dishes indigenous to the islands prepared by our seasoned chef. After dinner step outside onto our spacious, relaxing deck and watch the eagles soar above you.

Lodge Record King Salmon - 63 lbs.

Keith Zinser
Ventura, CA

Queen Charlotte Safaris is the only lodge on the islands to operate jet boats. While other fisherman are waiting at the dock due to the extreme shallow water at low tide, you, our guest will depart on schedule every morning between 6:00 to 6:30.
